On Saturday night a large assembly, composed of members from various local councils and also several members from different parts of the State, gathered at Old Fendall's Hall.

Mayor George L. Simpson delivered an interesting address on behalf of the city to which Edward S. Deemer, of Philadelphia appropriately responded. Mr. J. H. Trimyer delivered an address of welcome on behalf of the order, which was responded to by E. L. S. Bouton, of Vienna. Other speeches were made by Mr. E. S. Deemer, of Philadelphia, Mr. D. E. NIGHT REPORT.—Last night was clear and cool until about 1:30 o'clock, when it became cloudy and it began raining at 4:30 o'clock. Three prisoners and fourteen loggers were at the station house.

DEATH OF MRS. WITHERS.—Mrs. Virginia Withers, wife of ex-Senator Robert E. Withers, of Wytheville, died at the home of her daughter, Mrs. Lizzie Carter, at Evansville, Ind., on Saturday, after an illness of two weeks of pneumonia and bronchitis. The remains were brought home and interred today. Colonel and Mrs. Withers went to Indiana late in the fall to spend the winter with Mrs. Carter. Mrs. Withers was a Miss Royall, of Lynchburg, and was 75 years old. She was married to Colonel Withers on the 3d of February, 1846, and had twelve children, eleven of whom were daughters, were born to them. Of these nine are living. Col. and Mrs. Withers once lived in this city, where they have many friends.

Robert Bowman Matthews, a well known Washington newspaper correspondent, died suddenly Saturday evening. Though he had been in ill health for more than a year, he had improved greatly of late, and his death came as a great shock to his numerous friends.

Mr. Matthews was born at Bayou Sara forty-eight years ago, and he was educated in the schools of Virginia.

THE CHURCHES.—The churches were all well attended yesterday. Unusually large congregations were present at Christ Church, many being strangers coming to attend the service. At the morning service Mr. Walter Birch sang very effectively "Face to Face."

At St. Mary's Church Rev. Father Walsh, of Charlottesville, celebrated the second mass and the sermon was delivered by Father Cutler.

Rev. Dr. Layton occupied the pulpit of the Second Presbyterian Church. At the M. E. Church South Miss Rebecca Pollard sang very beautifully "The Holy City." At Trinity M. E. Church in the evening Rev. F. H. Smith, of Philadelphia, delivered an interesting lecture before the Berkeley Brotherhood.

At other churches the resident pastors occupied the pulpits.

A DIES NON.—The city today was almost deserted after 12 o'clock. Every train for Washington, both through and local, and the three boats on the ferry line were crowded with Alexandrians, all bent on seeing the inauguration parade. Men, women and children "jumped" the incoming trains on the outskirts of the city and along King street to secure seats, and remained on the cars till the trains returned to Washington. The public offices and many of the stores closed early in the day, the schools gave holiday and but little business was transacted. The rain of this evening made some of the Alexandrians come home earlier than they intended.

THE A. L. L.—The Alexandria Light Infantry, in command of Capt. King, left here on the 11:30 o'clock boat this morning for Washington to take part in the inauguration parade. They expected to go by the electric train, but at the last minute changed their minds, because of the crowded condition of those trains, and took the boat. The company numbered between 30 and 40 members.

The battalion of native Porto Rican troops passed through this city on Saturday night en route to Washington.

I congratulate the manufacturers of an honest medicine." For sale by Richard Gibson, druggist.

THE U. S. VESSEL.—At last accounts the U. S. steamer Dixie was still aground at Maryland Point. The Dolphin went down the river yesterday and returned with the sailors of the Dixie on board. The Topeka has not been heard from. None of the vessels expected to anchor at this city did so.

LOCAL BREVITIES.

The regular monthly meeting of Mary Curtis Lee Chapter, U. D. C., will be held in Lee Camp Hall tomorrow morning at ten o'clock.

Rain fell at an early hour this morning, but cleared before daylight, though the sky remained overcast and the temperature was mild. Rain again commenced falling about 12:45 o'clock this evening.

The regular monthly meeting of the Woman's Auxiliary will be held in the camp hall tomorrow afternoon at 3 o'clock. As this is the usual meeting, there will be an election of officers and a full attendance is requested.

The Mayor has directed that the electric lamps be lighted tonight though this is one of the nights for an overhauling of the electric works. As so many people will be on the streets tonight the Mayor thinks the lights should be lighted.

Joseph Robey, a cigarmaker, fell at the corner of Duke and Henry streets on Saturday night and had his right ankle dislocated. Robey was taken in a wagon to his rooms at the Franklin House, where the injured member was dressed by Dr. Miller.

Master Thomas Downey, son of Mr. John Downey, was accidentally thrown to the ground at the foot of King street yesterday afternoon and was painfully bruised about the forehead and cut about the mouth.

Large numbers of strangers who had come to Washington to attend the inauguration were in this city yesterday night. The day was bright and mild and the streets presented an animated appearance. Large numbers of people from a distance were also on visits to friends and relatives and daily visited Washington.

Charles Parker, colored, was arrested by Officer Travis yesterday afternoon charged with promoting a lottery. The alleged offense was committed over a year ago, but Parker left town and returned to witness the inauguration. He says he has been in Boston during all of his absence from this city. This morning he was dismissed.

CHANDLER'S PARTING SHOT.

At the night session of the Senate on Saturday, Mr. Chandler spoke on the resolution heretofore offered by himself declaring that Hon. W. A. Clark, of Montana, had not been duly elected to the Senate. In his speech Mr. Chandler quoted from an address made by Mr. Clark in Montana last January, in which Mr. Clark was criticized in connection with the Senate investigation of Mr. Clark's former election.

Mr. Chandler being the chairman of the committee on privileges and elections by which the inquiry was made, Mr. Chandler declared that Clark's vacation of his seat was a virtual confession of the justice of the decision of the committee. If, he said, Clark had been innocent, he would have remained for the Senate's continued inquiry.

"His fight fixed a stigma of criminality upon Mr. Clark which can never be blotted out," Mr. Chandler said.

Mr. Pettus replied briefly to Mr. Chandler, saying that Mr. Chandler's speech was untimely, and that it was a spectacle calculated to teach a sad lesson.

"If," he said, "a man injures another it causes him to hate that man, for every time he sees that man he feels mean, and he charges the feeling to the man he has wronged. It is a terrible picture we have had here tonight; let us turn away from it and pass on."

Responding to this rally, Mr. Chandler said he had simply joined with Mr. Pettus in a verdict that Mr. Clark should not be given a seat in the Senate because he had been guilty of bribery.

Mr. Jones, of Arkansas, presented the credentials of Hon. W. A. Clark, which were received and placed on file.

CONGRESSIONAL.

Both houses of Congress met yesterday afternoon, and, with several recesses, continued in session nearly all night. Both houses were crowded by visitors who came to attend the inauguration.

After a spirited debate in the Senate the final conference on the naval appropriation bill was agreed to, the Senate receding from the one contested amendment authorizing the construction of three additional Holland submarine torpedo boats. The bill was passed.

After the bill was passed, the safety of railway employees was passed, and the general deficiency conference report accepted.

The House by a vote of 76 to 139, defeated a motion to concur in the Senate amendment to the safety of railway employees bill.

Mr. Babcock stated that the appropriation for the memorial bridge would make it possible to avoid the rebuilding of Aqueduct bridge, which he was informed would be absolutely necessary if the bridge safety bill were not in the future. Mr. Cannon declared that the amendment would force the House eventually to build the memorial bridge at an expense of at least \$5,000,000, if not \$10,000,000.

The Senate amendments to the bill were voted on by a vote of 65 to 116. The conference report on the general deficiency appropriation bill was adopted. The postoffice bill was sent back to conference and the naval bill adopted. The Senate amendments to the District of Columbia code bill were concurred in.

The postoffice appropriation conference reached an agreement by compromising. The omnibus public building bill was passed Saturday.

TO-DAY'S TELEGRAPHIC NEWS.

Foreign News.

London, Mar. 4.—Ruthven, the former priest tried to lecture at Isle of Wight last night and was mobbed by his auditors. Ruthven fired a revolver at the crowd the bullet striking a man in the cheek. The ex-priest was arrested.

Peking, Mar. 4.—The American troops here are actively preparing to leave Peking. All of their supplies except enough for two companies which are to remain as garrison guard, have been packed and are ready for shipment to Manila, where the troops are to go. The British are to spend the summer near the coast, gradually withdrawing to India. The Germans will remain indefinitely.

Madrid, March 4.—Border feuds have culminated in a desperate battle between Spanish villagers in which many men were killed and wounded.

Somerset, South Africa, Mar. 4.—A British patrol of seven men, sent out from this place, is missing. Boer raiders have probably captured them. Lord Kitchener having changed his base of supplies to Port Elizabeth according to recent despatches, because of the prevalence of the plague at Capetown, this sign of Boer raiders near Somerset indicates that the Boers are trying to interfere with the British line of supplies.

London, Mar. 4.—The officials in Downing street are feeling gloomy over the situation in China. This feeling arises over the belief that it will be necessary for England to allow Russia to have her own way in China, especially in regard to acquiring Manchuria, owing to the depletion of the garrison in India, England is unable to threaten Russia to the extent of war, the only thing that Russia will heed. Germany might stop Russia by joining England in a protest, but it is not likely that Germany will do this.

Madrid, Mar. 4.—The Marquis de Villabona proposes a new cabinet with himself as Premier and Finance, Marquis Pidal, Minister of Foreign Affairs; General Linares, Minister of War; General Izquierdo, Minister of Marine and General de Sileira, Minister of the Interior. All the members are conservatives.

London, March 4.—It is reported that the Chinese Emperor will return to Peking toward the end of the month. His bodyguard is already assembling at Sing An Fu. The ministers, it is said, have demanded that 12 million officials and of 90 provincial mandarins.

Paris, March 4.—Dr. Talamon announced today that he has been successfully treating pneumonia cases with diphtheria serum.

Capetown, March 4.—Seventeen fresh plague are reported here.

Body Found.

New York, March 4.—The body of an unknown man was found in the East River in the down town district today. The man answers the description of Wm. Astor Chandler, former husband of Amelia River, and the police think it may be Chandler, who had been incarcerated at Bloomingdale, studied his keepers and disappeared from the asylum grounds several months ago. Nothing has been heard of him since.

Later—At the morgue, the police, after a thorough investigation said they were satisfied the body was not that of Chandler.
